STUDENT MEAL PLANS

On-Campus Living

Dining on campus makes life easier. No grocery shopping, cooking or clean-up necessary. With over 20 dining locations and 5 convenience stores available across campus, you can find what you want, right when you want it. Students living on campus are required to purchase a meal plan. Students choose their own meal plan based on personal dietary needs. Our top-tier plan offers the best value and includes \$150 bonus dining dollars!

Off-Campus Living

Among classes, extra-curricular activities and studying, it can be difficult to find time to sneak in a snack or eat a whole meal. If you find yourself hungry between classes, a meal plan may be right for you. Our eateries use the same market pricing used at other valley locations, so there's no need to leave campus to find food. Students living off-campus have the option to purchase a meal plan using scholarships, financial aid or a payment plan similar to their tuition plan.

2018 Meal Plans

Dining \$\$'s Available	Notes	Cost
\$2700 Dining Dollars	\$150 bonus dining dollars!	\$2,550
\$2100 Dining Dollars	\$100 bonus dining dollars!	\$2,000
\$1800 Dining Dollars	\$50 bonus dining dollars!	\$1,750
\$1350 Dining Dollars	Resident Hall Minimum	\$1,350
\$750 Dining Dollars	Apartment Minimum	\$750

Please note: prices are PER SEMESTER!

Call **800-800-9776** or contact your Admission Counselor and/or Student Services Counselor to sign up for a meal plan. Please contact Disabilities if you want meal plan accommodations (pg.

TENDERS & BUDGETING

Tender Types

Dining Dollars come with your meal plan, which is required for on-campus students. Dining Dollars are good at any dining location, including convenience stores, food trucks, and farmer's markets.

Lopes Cash does not come with a meal plan, but you can add some at any time to help with all of your daily needs. Like Dining Dollars, Lopes Cash is accepted at any dining location.

Fall 2018 Meal Plans: Week-By-Week Balances

The table below shows you what your balance should be at the beginning of key weeks throughout the semester. For example, if you have the 1350 Meal Plan in Week 10 (late October/early November), and have less than \$510 Dining Dollars remaining, you will run out before the end of the Semester at your spending rate.

To add more Lopes Cash to your account, sign into your Student Portal, go to Finance Hub, and then click on Lopes Cash.

Start (Week 1)	Week 5 (late Sept)	Week 10 (late Oct)	Week 15 (early Dec)	* Daily Average
\$750	\$515	\$282	\$46	\$7.35
\$1,350	\$930	\$510	\$84	\$13.24
\$1,800	\$1240	\$680	\$112	\$17.65
\$2,100	\$1,445	\$790	\$131	\$20.59
\$2,700	\$1,860	\$1,020	\$168	\$26.47

* Above is based on 102 academic days / 16 actual weeks. Don't forget to take Thanksgiving and other holidays into account!

Healthier Pick: Check our labels for Healthy Pick and Mindful items (see page 13 and 14)

CONVENIENCE STORES

Due to their distinction from "eateries," our convenience stores around campus are in their own category, even if they are often right next to other eateries around campus. Refer to the Dining Map for more info.

The Grid

The Grid is a full-service community store located right in the bustle of Lopes Way. It is a happening place, emphasizing community and convenience. Farmer's Markets sometimes happen here, as do other events on certain holidays.

Juniper Hall (The Groves)

This convenience store is located at The Groves in Juniper, and features everything newer students need for campus life!

Chaparral Hall

This store offers more organic and gluten-free choices than your average convenience store, while still offering -plenty of traditional convenience items. Stop in for a poolside snack!

Agave Apartments

Located in the Agave Apartments across the Canal, this store offers a full line of convenience items and hot food items for Agave residents as well as students parking nearby on their way to class.

Canyon Corner Store (Building 71)

This new store is located in the GCU Admin Building and is geared towards the school's Admin and Faculty. The store features a full salad bar and seating area.

HEALTHIER EATING

Everyone knows that eating healthy is important, but it is easy to become lost in the terminology. The following is a brief guide to basic healthy eating, which can be applied to your dining experience here at GCU.

Superfoods

Superfoods are a hot topic for healthier and nutritious lifestyles. Superfoods are profoundly nutrient-dense and excellent to include in a healthier diet. Top superfoods include acai, goji, mangosteen and noni. Keep in mind though, the term “superfood” has no FDA-approved definition, and

food marketers may misuse the term. There may be debate over superfoods, but there’s no argument over superfood groups. It’s inarguably simple. The four superfood groups include: fruits and vegetables, wholesome carbohydrates, lean protein and healthier fats.

Wholesome Carbs

Carbohydrates are commonly known to be forbidden, but carbs are generally misunderstood. The two types of carbs include complex and simple carbs. Try to limit the number of simple carbs you eat; much of the beneficial fiber and nutrients have been removed during processing. Simple carbs include white bread, white rice and traditional pasta. Complex carbohydrates, on the other hand, are largely unrefined. Natural fiber and key nutrients still remain, which is why complex carbs are called whole grains.

HEALTHIER EATING

Lean Proteins

As we age, our bodies naturally lose 3 to 8 percent of muscle mass per decade, which means our bodies require more high-quality protein. Protein is the building block of muscle tissue and provides all the necessary nutrients to keep your body strong, healthier and balanced. The important thing is to focus on “lean.” Meats full of saturated fat can be harmful, especially to the heart. Lean protein, on the other hand, aids in weight loss by helping you feel fuller, especially alongside a healthy, active lifestyle.

Healthier Fats

Like carbohydrates, fats have been synonymous with bad and unhealthy nutrition. Two basic types of fat include unsaturated and saturated. Try to minimize saturated fats. Saturated fat comes largely from animal sources and can raise your risk of heart disease and diabetes. Unsaturated fat, however, actually promotes heart health. Unsaturated fat is listed on

labels as polyunsaturated or monounsaturated fat. Omega-3 fatty acids are also beneficial to the heart and belong to this category.

All fat is calorie dense though; even good fats need to be enjoyed in modest amounts to avoid weight gain. For example, a splash of olive oil on your salad or when cooking is plenty.

Fruits And Vegetables

Once per ounce, fruits and vegetables contain more vitamins, minerals and immunity-boosting antioxidants than any other foods. Aim to eat a wide and colorful variety to ensure you’re receiving full health benefits.

Here are some tips for getting the most out of your fruits and veggies:

- Vary your salad combinations
- Order vegetable side dishes
- Grab fruit to go
- Frozen vegetables and fruits are just as nutritious as fresh
- Look for canned items with few or no added sugars or salt

HEALTHIER EATING

Mindful Dining

Sodexo is committed to creating healthy environments for our customers. Central to this effort is providing healthy, nutritious foods. Our executive chefs and registered dietitians worked together to create an exciting collection of recipes.

The result is Mindful – an approach that focuses on transparency of ingredients, delicious food, satisfying portions and clarity in message.

Our Mindful recipes meet the following criteria:

- 600 calories or less
- 35% or less calories from fat
- 10% or less calories from saturated fat
- trans fat FREE
- at most 100 mg cholesterol
- at most 800 mg or less sodium

• at least 3 g or more fiber
Additional features of Mindful:

- Sound nutritional philosophy and guidelines
- Based on latest science and leading health organization recommendations
- Chef & management training and certification through the Culinary Institute of America (CIA)
- Focus on taste and satisfaction

Mindful recipes are meant to enhance your health and quality of life. Look for this symbol at the Urban Center Cafe (Student Union) and on Simply To Go items in campus convenience stores. You'll know this item meets these criteria!

HEALTHIER EATING

GCU Healthy Picks

Sodexo's Mindful program is great, but it is limited to Sodexo recipes. For example, what if you are looking for Mindful and healthier things to eat, but you have a major soft spot for some Chick-fil-A (and who would blame you?)? To help you identify what items are healthier at all of our locations, we've created our Healthy Picks program, which will help you not only determine what items might be considered "healthy," but also what items are vegetarian, vegan, and gluten-

friendly. This is as simple as picking items that have the icons below.

An official Sodexo statement on Healthy Picks and especially allergy concerns: *please let the manager or supervisor on duty know if you have food allergies or other dietary restrictions, and feel free to ask us about ingredients, and how we prepare your food. We follow strict food safety practices, but many of our foods are prepared on shared equipment. Please talk to us about the best venues and food choices to meet your needs.*

If you are interested in seeing all of your options available, or wish to have accommodations made, contact the Disabilities Office to begin this process: disabilityoffice@gcu.edu.

DINING EVENTS

We realize that even good food is not enough to keep students motivated 100% of the time. Plus, we like to have fun too! The best way to stay tuned in to dining-related events is by following us on Twitter, and keeping an eye on our digital ads around campus.

Market Station

Our pop-up location offers exhibition-style food, made-to-order. The Market Station will start off in Thunder Alley, and then may move to other locations as needed. Follow us on Twitter for more details.

Farmer's Markets

For the first part of the year, the farmer's markets will take place in Thunder Alley (until the weather cools).

Elite Events

These are special meal events, such as BBQ and steak night. They usually involve a small mark-up and offer fun, upscale dining for a specified time.

EMPLOYMENT OPPORTUNITIES

We offer GCU students ongoing employment opportunities while attending school. Job opportunities offer competitive wages and flexible schedules. Students can pursue two employment options with Dining Services:

(1) Cashier or “front of the house” positions are ideal for students who are outgoing and enjoy interacting with customers and fellow students. Employment is through GCU Dining, and employees are managed by Sodexo. Cashiers are direct representatives of GCU Dining Services. For more information, visit the GCU Dining Office next to Einstein's in the Union, or visit the Career Impact Center online.

2) Students who prefer to be behind the scenes and drive their versatility should pursue a “back of the house” position in facilities, food production and operations. These positions are provided through Sodexo. Work schedules are flexible to help student workers continue to attend their normal classes.

For more information or to apply, please visit the Sodexo Office in the Union near the elevators, or visit:

FEEDBACK PROGRAMS

Dining Committee

Do you want to join our elite team of secret shoppers? Our student-run dining committee helps ensure that we are constantly achieving the best possible quality and customer satisfaction possible. Committee members conduct monthly mystery shopper visits and report their experiences in monthly meetings, which Sodexo managers attend. It's a great way to help your dining department keep an eye on our quality and help direct future dining options. Also, let's not forget free food and a T-shirt!! *Please note: this is an official ASGCU Committee, and as such attendance will be taken and a minimum commitment will be required.*

For information on joining the committee, please contact zachary.casavant@gcu.edu.

Lunch With The GM

Our new lunch program will happen twice a month (approximately) and will allow students and even faculty to get some face-to-face time with the Sodexo General Manager over a free meal. This is a great opportunity to have lunch and offer feedback on the options offered on campus, and engage with the manager directly, in real-time. There's no commitment to join every time, but we do request that you contact us via Twitter to let us know. You can also e-mail us at gcludining@gcu.edu if you are interested in joining!

OTHER FEEDBACK

Comment Board

A napkin board in the Union is a fun way to leave comments for Dining Lope. The board is checked weekly and responded to. This is an especially popular way to request new items or leave general feedback in a more anonymous manner.

Social Media

Aside from physically finding a manager on duty, Twitter is the best way to leave feedback that requires a faster response. The Twitter handle is **GCUdining**. Twitter is also handy for checking hours of operation and viewing upcoming Sodexo events. We also have a GCU Dining Instagram account, also at **GCUdining** and Facebook page pending!

The surveys allow us to gauge our customer feedback. In the past, prizes such as skateboards, iPads and airplane tickets have been awarded for random participants.

Other Surveys

Occasionally other surveys will be deployed at new location openings, or available on Twitter or via e-mail. Just follow us and watch out for them. There are often prizes!

#FeedTheHerd

Dining Survey

Sodexo will conduct periodic feedback surveys, which will be e-mailed, texted, posted on Twitter, and other methods.
